HOW MEAL PLANS WORK

Meal Swipes

Meal Swipes can be used to get into our all-you-care-to-eat dining hall, Main Cafe, or can be utilized through our Meal Equivalency and Meal Exchange programs at select locations.

Meal Equivalency

Select locations will give students a dollar amount towards their food that can be used as a Meal Swipe. If the student goes over that dollar amount, the remainder can be taken from their DB.

Meal Exchange

For Meal Exchange, instead of being given a dollar amount to spend, certain locations will offer select menu items that can be exchanged for a Meal Swipe.

Declining Balance (DB)

DB stands for declining balance. DB may be used at any TSU Dining location and acts just like a debit card or prepaid visa. DB rolls over from the Fall to the Spring semester, however, unused DB from the Spring semester will not roll over.

You can access further information about how Meal Plans work at tsudining.com
